No. 82-25-

Sir

Adverting to Government Order No I 8787-8/M1 93-24-21 dated the 12th June 1925, directing that the charges incurred by the Executive Engineer, Water Supply Construction Division, on investigating water supply or drainage schemes, may be met from the provision for "J. Improvement of Towns and Minor Municipalities" under "30 Grants for Public Improvements" in the Budget for 1925-26, pending recovery from the Municipalities, I have the honor to forward herewith a copy of letter No 17 dated the 4th July 1925, from the Executive Engineer, Water Supply Construction Division, and to state that under the circumstances explained, the proposal of the Executive Engineer in para 3, viz , that all expenditure which may not exceed Rs 100/- in each case and Rs.1,000/- in the aggregate for the year may be entirely borne by State Funds.

2. I request that sanction of Government may kindly be obtained therefor.

I have the honour to be,
Sir,
Your most obedient servant,

Chief Engineer of Mysore.

HRR/2Encl.Enc

Letter No 17 dated the 4th July 1925, from the Executive Engineer, Water Supply Construction Division, to the Chief Engineer of Mysore, Bangalore

==========

With reference to your No B 17081 dated 22-6-1925, forwarding for information, a copy of the Government Order No L 8787-8/M1 93-24-21 dated 12-6-1925, according sanction to meet the preliminary expenditure for investigating water supply or drainage schemes from the provision for "3 Improvements of Towns and Minor Municipalities under "30 Grants for Public Improvements" in the State Budget for 1925-26, I have the honour to request to be informed if these charges, though debited in the first instance to the provision under "30 Grants" have in the usual course to be recovered from the Local Bodies concerned and adjusted as mentioned in the preamble of the said orders of the Government

2 If it is the intention of the Government that the Local Bodies should bear these charges, I do not see the necessity of taking over the expenditure as incurred to the final service head, "30 Grants" and then affording credit on realization The expenditure may as well be continued to be borne under the Advance Head as hitherto pending adjustment on realization

3 The proposal made by me was that all such expenditure which may not exceed Rs 100/- in each case and Rs 1,000/- in the aggregate for the year, may be permitted to be entirely borne by the Government in consideration of the small amount involved, and I am doubtful if the sanction of Government now communicated is otherwise than as proposed

4 Kind reference, in this connection, is invited to this office No 622 dated 11-5-1925, reporting the refusal of the Chitaldrug Town Municipal Council to bear the charges of Rs 18/- incidental to the investigation of the ordered alternative project for water supply to the town It is with the view of avoiding unnecessary

unnecessary correspondence and consequent delay, that all such expenditure of minor importance, is proposed to be met by the Government grant alone

5 I, therefore, solicit definite orders on the subject

"C o p y"

Chief Engineer of Mysore
